

WESTCORE

EQUIPMENT

Vacuum Negative Pressure Boiler Solutions

Energy Efficiency · Environmental Compliance · Cost Reduction

1

SAVE ENERGY & CUT COSTS

- High thermal efficiency cuts gas consumption
- Long-term operation lowers energy bills
- Reduces overall factory operating costs

Real cash savings every month

2

ENVIRONMENTALLY FRIENDLY

- Lower emissions meeting standards
- Reduces inspections & regulatory pressure
- Supports long-term compliance

Aligned with US environmental regulations

3

REDUCE LABOR COSTS

- High degree of intelligent automation
- Simpler, more intuitive operation
- Fewer operators and maintenance staff

Lower wages + reduced overhead

4

SAVE FACTORY SPACE

- Compact, space-efficient design
- Smaller footprint than traditional boilers
- Frees up valuable production floor space

More floor space = lower rent cost

OUR SERVICES

WHAT WE PROVIDE

Boiler Sales

Boiler Leasing

Installation
& Commissioning

After-Sales Maintenance

Energy-Saving Upgrades

PRODUCT LINE

OUR PRODUCTS

GAS / COMBUSTION

THERMAL ENERGY SYSTEMS

High-efficiency water-cooled heating solutions with advanced combustion technology. Ultra-low emissions, rapid response times, and exceptional thermal efficiency.

- Scalable from small to large capacity
- Ultra-low NOx emission burners
- High thermal efficiency ≥ 98%

ELECTRIC

ELECTRIC EQUIPMENT

Next-generation electric boilers and heating systems with modular design. Scalable power ratings from 1.4 to 60MW in multiple voltage configurations.

- 1.4 to 60MW scalable output
- Multiple voltage configurations
- Zero on-site combustion emissions

STEAM / HEAT PIPE

SPECIALIZED GENERATORS

Compact steam and heating generators with innovative heat pipe technology. Space-efficient design for applications where installation space is limited.

- Minimal installation footprint
- Heat pipe innovation technology
- Rapid start-up and response

INDUSTRIES WE SERVE

INDUSTRY APPLICATIONS

Food Processing
18–36mo ROI

Beverage Mfg
12–30mo ROI

Commercial Laundry
12–24mo ROI

Central Kitchen
15–30mo ROI

Industrial Mfg
18–40mo ROI

Hotels & Hospitals
Custom ROI

SUCCESS CASES

PROVEN RESULTS

FOOD PROCESSING

28% fuel cost reduction in first year after replacing aging boiler at a mid-size canned foods plant.

BEVERAGE MFG

22% energy cost reduction and fewer production interruptions at a beverage bottling facility.

COMMERCIAL LAUNDRY

30% gas reduction and 18% operating cost cut at a large hotel laundry within the first year.

COMPANY INFORMATION

Headquarters:

Guangzhou, China

Established:

2012

Markets:

United States & 17 other countries

Manufacturing:

200+ systems per year

Email:

CERTIFICATIONS & COMPLIANCE

- ✓ ISO 9001 Quality Management System
- ✓ ISO 14001 Environmental Management
- ✓ Industrial Safety Compliance Standards
- ✓ US Market Ready — Regulatory Compliant

WHY WESTCORE EQUIPMENT?

- Up to
35% Energy Savings
- Environmental
Compliance
- Automated
Operation
- Compact
Footprint

Engineering Excellence Since 2012

Westcore Equipment — Helping factories lower costs and run more efficiently.
Contact us today for a customized vacuum boiler solution and ROI analysis for your operation.
